

PA010

**flip flap** brand philisophy

• To design products with smart ideas.

**motion** Volumes controlled by rotating the device

**Caution**

Please take note of the followings during charging and usage

- Use this product away from electrical appliances.
- Do not use the speaker for other purposes.
- Do not use or charge the product in wet conditions as this may damage the device.
- Do not throw the product into open fire or leave the unit near a source of high temperature.
- Do not disassemble the product.
- If any abnormality occurs on your skin or clothes due to the use of the product, rinse with clean water and stop using the product. Consult your doctor immediately.
- Do not damage the product and the cord by laying them under equipment. Please do not use a cord that has been damaged as this increase the risk of electric shock or fire .

Specifications

Product information		Speaker		Performance	
Dimension (overall)	60 mm (W) x 60 mm (L) x 60 mm(T)			Charging time (95% full)	Approximate 2 hr.
Weight (estimated)	3.53 oz / 101 g			Maximum using time	Approximate 3 hr.
Input	5V DC, 500 mA			Blue Tooth transmit distance	Within 10 meter
Operation temperature	32 °F to 113 °F / 0 °C to 45 °C			Maxium output volume	Max. 95 db
Storage temperature	-4 °F to 140 °F / -20 °C to 60 °C			Maxium power	Max. 4V
Cable length & weight	170 mm (L) , 8.5 g			Blue tooth version	2.1
Support format	Depend on Smart and Line-in devices

model: PA010  
Designed and Manufactured by Rever Design Limited

Folded size 70mm x 70mm

**FCC Caution.****§ 15.19 Labelling requirements.**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**§ 15.21 Changes or modification warning**

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**§ 15.105 Information to the user.**

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**\* RF warning for Portable device:**

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
